News from Various Quarters.

Additional War Items.

Austrian Operations on Lake Maggiore.

The Austrian war steamers are cruising about Lake Maggiore, threatening the towns and villages on the Sardinian shore, but doing little damage.

The war steamer Radetzky appeared before Canobbio, as previously stated, and was driven away by the National Guards, who only fired upon it with small arms.

Two Austrian war steamers arrived at Corfu on the 23d, without hindrance.

The French siege fleet is now ready to sail from Toulon.

It is composed of 32 vessels of war and gun-boats, well manned and equipped for bombarding fortifications and large towns, and its destination is unknown.

France.

The French Minister of Marine has ordered two additional ships-of-the-line and two frigates to proceed immediately to sea. The corps under Garibaldi are advancing on Milan, and the vanguard had already reached a point within fifteen miles of that city, where an outbreak was expected.

The force of Garibaldi is being reinforced at every town through which he passes, by volunteers who hail him as liberator.

The London Times was seized at the Paris Post Office on the 27th, and no copies of it are allowed to be delivered.

The army of the east, otherwise the Army of Observation, is to be increased by 150,000 men.

Talleyrand Peregrin, a nephew of the great Talleyrand, has been appointed French Minister to Naples, the French Government having recognised Francis First as King of Naples.

England.

Active negotiations have been in progress between the Cabinet of St. James and that of Lisbon, since the fact that Spain had concluded a treaty with France had become known.

According to this treaty Spain engages to increase her army to 250,000 men to co-operate with the allies in case the war should become European.

It is reported a secret clause of the treaty alludes to the eventual partition of Portugal, and pledges the aid of France to secure the possession of the Island of Cuba to Spain.

Under the influence of the danger which threatens Portugal by this alliance, the Cabinet have adopted the policy of England, and declared her neutrality in the present war.

Atlantic States.

The United States steamer Waterwitch, and the steamer Fulton, recently returned from the Paraguay expedition, are being refitted, and will shortly be dispatched to the gulf of Mexico. The home squadron is to be further increased by the frigate Sabine, which will also be sent to the Gulf.

The Administration have adopted vigorous measures in regard to Mexican affairs, and the same policy of intervention which has been adopted towards Tampico in the instructions to the sloop of war Brooklyn, will, it is said, be adopted elsewhere, whenever the interests of American citizens require it.

Twelve officers of the United States army have obtained leave of absence, for the purpose of visiting Europe and taking lessons in the art of war. In addition to the twelve army officers, Col. Cook, of the United Dragoons, and Col. Thayer, of the Corps of Engineers, have obtained leave of absence. They go to the seat of war to observe the military operations now in progress.

The Hon. John Slidell, of Louisiana, has been appointed Minister to France, in place of Mr. Mason resigned.

The steamer Edinburgh, which sailed from New York to Glasgow, having struck an iceberg, put into St. John N. F., June 8, in a sinking condition.

The Mississippi river is 21 feet above low water mark, and is doing immense damage to property at various places along its shores.

The steamer John Lawton, running on the Savannah river, was blown up by the explosion of one of her boilers, June 9, killing the captain, mate and six other others, and wounding a large number of passengers.

Joseph Charles, an old resident of St. Louis, was shot down upon the street, June 3d, by a man named Joseph W. Thornton. Great excitement prevailed in consequence of the murder, and the military were called out to protect the jail in which the prisoner was lodged, and to prevent the mob from taking summary vengeance upon the criminal.

The most distressing accounts continue to come in of the suffering at Pike's Peak, even extending to cannibalism, and murders are common. Yet in the face of the thousands of returning and starving emigrants, it is asserted by many that the gold will pay for the digging.

The Secretary of State has lately, in reply to an interrogatory, stated that the naturalization of foreign born citizens in the United States, will not protect them from the claims to their services in time of war by Governments under whose jurisdiction they have been born, and subsequent to their naturalization placed themselves. The same principle was recognized a few years since, when a Sardinian subject was taken from on board the U. S. steamer Wabash at Spezzia, having emigrated to this country before the expiration of his term of military service.

SOUTH AMERICA.

From the S. F. Herald's summary, we extract the following South American intelligence.

Chile.

The most important news from Chile is the confirmation of the report that the revolution had been quelled by the government. An encounter which took place on the 29th April near Serena, appears to have put an end to all hopes of the revolutionary party. In the engagement from 150 to 200 altogether were killed; many of the revolutionary army were taken prisoners; but Gallo, the leader, with a large number of officers, effected their escape, and it is supposed crossed over to the Argentine Provinces.

The northern ports have again been opened to commerce by the government, and confidence in business appears to be quite restored.

Peru.

The United States war steamers Merimac and Saranac were at Callao.

The Peruvians are still blockading Guayaquil as zealously as at the commencement,

and are preparing vessels of a light draught to send up the river, in order to cut off the supplies from the town.

Bolivia.

From Bolivia we have peaceful accounts of the state of the Republic. President Linarez was about convoking a special Congress at Sucre, for the purpose of resigning the dictatorial power with which he had been invested. The liberty of the Press had been re-established, and certain franchises granted to the mining districts of Corocoro.

Ecuador.

Quito and Cuenca had pronounced against the government of Robles, the latter has been enabled to suppress the movement resulting from said pronunciamientos by submitting the question of the residency to the force of arms in Cuenca. In consequence of this determination, Gen. Rios made an attack on General Tarfan, resulting in a considerable number of wounded and killed—among the latter being Gen. Tarfan himself.

Later from Venezuela.

By way of Havana we have news from Caracas, to the 8th ult.

Gen. Jose Maria Zamora encountered the revolutionists on the 16th, near Santa Barbara; they were about 1500 strong, including 800 cavalry and 2 field-pieces. After a short engagement, Zamora routed them, with a small loss on his side, the rebels losing 32 killed, 9 wounded, and 457 taken prisoners, besides arms and ammunition.

Another Zamora, leader of a revolutionary party, attacked Barinas with 12 men, and was repulsed by Gen. Escobar. Gen. Silva, with 3500 men, was in pursuit of Zamora's party.

On the 23d of April, the castle of Maracaibo was taken by the prisoners, but on the 26th surrendered for want of provisions.

On the 6th ult. the house of Mr. Bingham, the former British Minister, was searched, and arms being found there, he was sent to prison. Since the fall of Monagas he has not ceased to conspire against the government.

A revolutionary movement is anticipated in Caracas, but the authorities are well prepared to put it down. Gen. Paez is expected from Valencia, having been sent for by the President.

From Panama.

The following is from the Panama Star and Herald:—

Assistant-Surgeon Brockett, R. N., of Her British Majesty's sloop Iliana, was drowned at Puntarenas on the night of 2d June, in attempting to go on board his ship in a small canoe.

Lieutenant Lambert, United States Navy, died on board the Cyane, at Ponta Yeasos, on the 27th ult.

LATER FROM CHINA.

The arrival of the clipper ship Challenge at San Francisco, 46 days from Hong Kong, brings dates to May 14.

The U. S. Minister, Gen. Ward, and his secretary, on their way to the Court of Peking, came passengers by the steamer Ganges to Penang, where he embarked on the 28th April, in the U. S. steam Frigate Powhatan under a salute due to his rank. At 1 p. m., Gen. Ward landed under a salute from Fort Cornwallis. Considerable indignation has been called forth, and very justly, by the continued atrocities connected with the exportation of laborers to the Ilianas and elsewhere.

On Monday 26th April, the Russian squadron arrived at Singapore, from Cronstadt, the Cape, and Batavia. The vessels are the Rhinda, 800 tons, 11 guns, screw steamer, Capt. Andrieff, bearing the broad pennon of Commodore Popoff; Oprituineh Grieden, 400 tons, 3 guns, screw steamer, Commander Stromloff.

The arrival of the Russian squadron may be expected daily, as they left Singapore for Hong Kong via Manila, on the 1st May; we hear they proceed to the Amor River, shortly after their arrival here; it consists of three war steamers, the Kinda, Greensckink, and Grieden. The Faust left for Hong Kong on the 30th April.

LAND AS A RIGHT, NOT AS A FAVOR.

Men in this age have rights: and it is beneath the dignity of manhood to solicit as a favor, that which is due as a right. No country can be well and happily governed, except the rights of its citizens are clearly defined, and the ministerial departments promptly administer them. Hence we are entirely opposed to the system of distributing our public lands to settlers, as a gubernatorial favor. Considering the chaos into which the government is plunged,—the thorough want of system displayed in every department, at this late period of our history,—and that the exigencies of the moment, accompanied by a forced show of willingness on the part of the Government, to subvert the settlement of the country, demand prompt action, we may excuse for a very brief period, its adoption. To the continuance of the system, however, we are most unequivocally opposed,—and expect a scheme to be initiated that will place the public domain where every man may claim a portion as a right, without being exposed to official superciliousness, or to soliciting as a favor.

Because the public lands were temporarily vested in the Company, that was no good reason, why a more liberal policy should not have been adopted in their disposition,—particularly when we find that the system—if system it can be called—has retarded the advancement of the country, and driven population away. Besides, an unalterable condition of the grant was, the settlement of the country. When that all-important end could not be attained, by obeying the injunctions of the Company, it became the imperative duty of the government to represent in the proper quarter the evils which the Colony suffered, and demand their removal. Not having done this, because the Company's servants were government officials, is no excuse for withholding the rights of the people: neither are they worthy of rights except they hold the Government to a strict accountability for not fulfilling its trust. Its new-born liberality and galvanic life cannot be plead before the bar of public opinion in extenuation of non-performance of duty. It was its sole province to have guarded the public rights from the encroachments and retrogression of monopoly. This it did not do, and leaves the public now to infer that Downing street was the cause. For the latter we challenge a solitary particle of evidence!

LAND MEETING.—A considerable number of persons, chiefly Canadians, who are desirous of settling in Cowitchan Valley, met on Saturday evening, at the Law chambers of John Copland, Esq., to devise means to settle there at once. Alfred Waddington, Esq., was called to the chair, and John Copland, Esq., appointed secretary.

After some discussion, a petition to the Governor was adopted,—setting forth their desire to settle in Cowitchan, that they were farmers; that they engage to settle on condition of actual occupancy and improvement, and if they fail to do so, their lands to be forfeited.

At the conclusion of the meeting, the petition was signed by upwards of twenty-five.

It now lies at Mr. Copland's office awaiting the signatures of those who are desirous of settling in Cowitchan.

COWITCHAN LANDS SOLD.

From the following statement, laid before the Assembly by Mr. Pemberton, on Friday, it appears that the first, out of four instalments, has been paid by nineteen purchasers, on 9880 acres in Cowitchan. This includes a large portion of the valley. It will be observed that several absentees are holders. The order in which the dates are given, would incline to the opinion that the books were not kept systematically:—

GOVERNMENT GAZETTE.—It is said to be the intention of the Government to establish a Gazette. We trust this exploded custom will not be allowed to take root in these colonies. Retrenchment should be the order of the day; not a useless expenditure of public money. Already the Government has been paying three prices for the government printing. Public printing is a mere mechanical operation, and like any other public work, should be given to those who work best and cheapest. Except such is done, censure will follow from a quarter that will compel the observance of economy.

GRAY'S HARBOR.—Several of our American residents are preparing to visit the above place with the design of locating claims on Chehalis river, which falls into Gray's Harbor, north of the Columbia river. It is said to be navigable for steamers within twenty miles of Olympia.

ADJOURNED MEETING.—This evening a meeting will be held at Mr. Copland's rooms, to complete the final arrangements of the company, who are desirous of settling in Cowitchan, and to communicate with the Governor.

ACCIDENT.—The steamer *Eliza Anderson* left on Friday morning for Gray's Harbor with steamer *Enterprise* in tow. When below Sooke, one of the shafts of the *Enterprise* broke. She was towed back to Esquimalt.

GEN. HARNEY.—This distinguished veteran, accompanied by his staff, visited Victoria on Friday last. He came on the U. S. steamer *Massachusetts*. On landing he was saluted from the Fort.

PACIFIC.—The steam ship *Pacific* arrived on Saturday morning. She left for San Francisco, the same evening, with about 70 passengers, and carrying down \$23,938 for Wells, Fargo & Co, in gold dust.

There is a growing feeling that the Custom House defalcations will be hushed, if possible. The Crown officers will be held responsible to the country, in that case.

CLEARED.—The bark *Gomelzu* cleared at London, April 27, for this port, with an assorted cargo.

On the arrival of the Admiral, it is understood that H. M. S. *Tribune* will be made flag-ship.

FOR NEW WESTMINSTER ALIAS QUEENBOROUGH.—The steamer *Beaver* left on Saturday morning for the above place with 12 passengers, and 60 tons Government stores.

FRIDAY, July 8.

The Bill to create Wardens of the Hills passed a final reading.

The License Bill was read a second time, and on motion of Mr. Skinner, Monday was fixed for going into Committee on it.

Mr. McKay objected to compelling a person to take out license for a year; but thought the Council Bill should be amended so as to make it quarterly.

Mr. Yates said the license should be quarterly,—and no penalty except for selling without license. He considered it wrong to make the license yearly. The penalty of £50 for not paying the quarterly instalments as required by the bill ought to be expunged.

Adjourned to Monday 11 A. M.

BRITISH NORTH AMERICA

We are in receipt of the *British Constitution*, St. John, N. B., to May 31, and *Quebec Mercury*, to May 17th.

CANADA:—The project to erect a new Parliament House at Quebec on the ground occupied by the old buildings, has been rejected. Several buildings formerly occupied by the departments are approved of by the Executive Council. The Government intends making application to the Town Council for the City Hall, to be used by the Legislative Council. The Assembly will be quartered at Musical Hall, and Caron's buildings. Jones' houses, the Normal school, and probably the Armory and Sir Charles Stewart's residence, will afford accommodation for the other officers.

Mr. Audette, Pro-Mayor has received a severe rebuke from the *Quebec Gazette* for fraternising with Smith O'Brien, and expressing hostility to England.

The 100th Canadian Regiment, now in England, has been ordered to Gibraltar.

The Governor General offers a reward of \$200 for the apprehension of Edward Lalor charged with the murder of Edward Dupiz.

NOVA SCOTIA:—The election is over, giving a clear working majority to the Liberals. There was a riot at Schultz and one man shot,—and the representative of a candidate severely beaten.

Hon. J. W. Johnston, leader of the Tory Government, was elected for Annapolis by a majority of 17. Mr. Ray has demanded a scrutiny, being sanguine that a sufficient number of bad votes will be struck off to defeat Johnson. The Hon. Joseph Howe, leader of the Liberals, stood for Windsor. This is the first election in which the Catholic party ever supported the Tories.

P. E. ISLAND:—The Heads of Departments are excluded from the Government. A violent controversy has been raised in consequence between the Legislative Council and Assembly. The former charges the government with evasion of the statute, making it necessary for all persons who hold seats in the Assembly, and who have accepted an office, to be re-elected, and with excluding Catholics from the government. The Council has petitioned the Queen, and the Assembly have forwarded a reply, stating that the Catholics are all opposed to the existing government. The *Islander* says the object of the Alien Bill recently passed there, is to encourage Americans to settle on the Island.

NEW BRUNSWICK:—The Railway from St. John to Hampton, was to be opened on June 8. A trial trip with one engine and a passenger car had been made, for a distance of twenty miles.

In Calais, Maine, on the occasion of the Queen's Birthday, a number of its citizens, in courtesy to their New Brunswick neighbors, hoisted the Stars and Stripes and the Union Jack entwined together.

THE PROPRIETORS of this establishment are now prepared to supply their customers with Soda Water, Sarsaparilla and Mineral Waters of the best quality. Orders from Washington Territory or British Columbia, promptly attended to.

PHILLIPS & CO.

THURSDAY, July 7.

The Quarter Sessions was opened this morning, Justices Langford, Pemberton, and Naigle on the Bench.

The Grand Jury found true bills against John Jones, charged with robbing Mr. Parker, of the steamer Eliza Anderson, and against Geo. Welsh for allowing Geo. H. Jones, prisoner, from British Columbia, to escape. The bills against John McCrea and John McGregor, for robbery and burglary, were ignored.

Friday, July 8.

John Jones was convicted of robbery, and sentenced to 6 months at hard labor.

A *nolle prosequi* was entered in the case of Geo. Welsh.

ANGELO:—A motion was made by Mr. Crease, counsel for Mr. Angelo, to bring on his trial at once, or if postponed to accept reasonable bail. Mr. Pearkes, Crown Solicitor, objected, asking a postponement. The Bench took the application under consideration.

Saturday, July 9.

On the Bench Justices Langford, Pemberton, Brews, and Naigle.

ANGELO CASE:—The case of Angelo was again brought up, by Mr. Crease applying for immediate trial. His argument with regard to the liberty of the subject was very powerful, commencing from the time of Magna Charta, the Bill of Rights, up to the present time,—showing the necessity of giving speedy justice to all parties accused. The motion was opposed by Mr. Pearkes, Crown Solicitor, on the ground that the Court had no jurisdiction, but that an especial commission, under seal, had been issued for the trial of the case. After considerable argument, the Court decided that it had jurisdiction, and the Quarter Sessions sat in the capacity of a Court of General Jail Delivery. The arguments on both sides occupied considerable time, and the construction put upon the various law authorities differed materially. It was, however, finally decided that the trial should take place on Monday, the 25th.

The question of bail was again raised, and strenuously opposed by the Crown. Mr. Pearkes stated that the defalcations amounted to \$2,000. The Court finally fixed the bail at two sureties, of £500 each, and Angelo himself in £1,000. The bail to be entered on Monday.

The *Eliza Anderson* left on Saturday for Olympia.
